FINE

PIZZA

A fine autumn's day

**Thin, easily digestible, filling you up!
For those who live life lightly, for those who
love fresh and refined ingredients and cannot
do without a fine pizza.**

In preparing the dough for our fine pizza we use a blend of selected Italian flours: multigrain flour; type "1" soft wheat; wholemeal soft wheat.

Able to enhance the typical characteristics of fragrance and crunchiness.

The variety of grains used in these flours are essential for obtaining a particularly light and easily digestible dough, thanks to the presence of vital wheat germ, one of the most complete natural food supplements. Wheat germ is the heart of the wheat grain, the most nutritious, still vital, fragrant and golden part.
